GENERAL HEALTH & SAFETY POLICY STATEMENT

Waveney Gymnastics Club is committed to ensuring the health, safety and welfare of its employees and other persons who may be affected by our activities including visitors and employees of other organisation's so far as is reasonably practicable. We will take steps to ensure that our statutory duties are met at all times.

We will assess the health and safety risks connected with our premises, and activities, work related road safety including journey organisation, driver training and vehicle maintenance, and ensure that appropriate measures are taken to eliminate or reduce those risks.

Full details of how we organise and manage health and safety are set out in separate policies and guidelines.

We will ensure that all processes and systems of work are designed to take account of health and safety and are properly supervised at all times.

We will provide employees with health surveillance where this is considered to be appropriate. We will appoint competent persons wherever possible to assist us in meeting our statutory duties.

We will have appropriate arrangements for dealing with serious and imminent danger including accidents and fire conditions.

Every employee will be given the necessary information, instruction and training to be able to work safely.

We will co-operate and co-ordinate with other employers to ensure effective mutual health and safety arrangements.

Adequate facilities and arrangements will be provided to enable employees and their representatives to be consulted on and raise issues of health and safety.

Every employee must co-operate with us to enable all statutory duties to be complied with. The successful implementation of this policy requires total commitment from all employees. Each individual has a legal obligation to take reasonable care for his or her own health and safety, and for that of other people who may be affected by what they do.

This policy will be reviewed every year or sooner should it become out of date due to changes in work practices or legislation.
